Dear Parents,

Your child has been selected to participate in the Royal Academy of Dance (RAD) Certificate (Exam) Program. Please see the reverse of this notice for more information on the RAD exam program. Participants are selected each year as not all students progress at the same pace every year. Generally, dancers must have been students at ABSA for at least one year to take the exam. New students who do not complete both semesters, fall and spring, may not be technically strong enough or fully comfortable with the exercises taught to participate in the exam.

Pre-Ballet 3 students are required to take one class per semester unless otherwise directed. Pre-Ballet 4 dancers are required to take two classes per week in the spring semester. Classical Ballet level dancers must take two or three classes per week, according to grade level, all year, *in addition to pointe*. Vocational levels require three classes per week without exception. There will also be between 1-3 rehearsals in the spring to prepare for the exams. Exam candidates must register for all of their spring classes to be included in the exam as Maryland Hall assigns studio space for classes, exams and rehearsals based on our class rosters.

This year's ABSA exams will be held on a weekday or Saturday during March or April 2019; however, the Academy schedules the final exam dates and times. Pre-Ballet 3 (RAD Pre-Primary) and PB4 (RAD Primary) exams last about one hour, while Classical Ballet and Vocational exams require a longer time. Schools generally accept the RAD exam as an excused absence and an ABSA instructor will sign a note to school if requested.

For your dancer to participate in the RAD exams, you must register and pay the exam fee online by no later than Friday, March 1st, using our studio's website (this is not the Maryland Hall class registration site):

More information regarding the schedules for exam rehearsals and the exam itself will follow in the spring. In the meantime, please contact me with any questions at academyballet.rad@gmail.com or 410-849-2942. I hope you will seriously consider this unique opportunity for your dancer to demonstrate his/her ballet technique.

Sincerely, Eileen Razzetti, RAD RTS

The Royal Academy of Dance Syllabus and Exam Program

What is the Royal Academy of Dance?

RAD is a worldwide organization founded in 1920 to advance the standards of teaching in classical ballet.

Our Registered Teachers provide the best training in classical ballet for children through adults.

How are the examinations conducted?

A RAD examiner who is highly trained and follows strict quality assurance protocols will come to our studio for several days to examine our students. Students perform exercises from their class syllabus and are examined with their assigned group. Each student is graded against a set of assessment criteria specific to that grade level. The time required, depending on grade level, is one to two hours, including preparation time.

Why should my dancer take the RAD exams?

RAD exams provide ballet students with:

- ✎ an objective, well-defined goal to work towards in their dance instruction
- ✎ recognition from the world's largest ballet Examination Board
- ✎ a certificate of achievement that is recognized by studios and dance organizations around the world
- ✎ the motivation to achieve their personal best in a fun, nurturing environment

RAD Syllabus Objectives by Grade Levels *includes Classical Ballet, Free Movement & Character Dance*

Classical Grades 1 – 3	Classical Grades 4 – 5	Classical Grades 6 – 8
Coordinate simple movements to produce a combination of steps	Demonstrate an increased range of movements in longer and more complex sequences	Demonstrate a comprehensive knowledge of dance movements
Respond sensitively to music	Show an increased sensitivity to music	Interpret music sensitively in performance
Perform with confidence in front of an audience	Perform with increased confidence in front of an audience	Perform with confidence and self-awareness

Vocational Levels – *Intermediate Foundation, Intermediate, Advanced Foundation, Advanced I and II*: The vocational levels allow students to study ballet in more depth with a view toward a possible career in dance performance or instruction.
